1 Background Considerations

- 1.1 In making a policy for the Home Education of pupils the board recognises the right of parents to make provision for the education of their child in accordance with the provisions of Article 45 of the Education (Northern Ireland) Order 1986 (**Appendix 2**)
- 1.2 The board considers that the full time education of a child is determined by the length of time a pupil of similar age, ability and aptitude would receive education as a registered pupil of a local school. Guidance from DFES suggests the following periods are appropriate:-

<i>21 hours for 5—7 year olds</i>
<i>23.5 hours for 8—11 year olds</i>
<i>24 hours for 12—16 year olds</i>

- 1.3 The board also recognises that the rights of the child are paramount as determined in the United Nations Convention on the Rights of the Child (**Appendix 1**) and the Children (Northern Ireland) Order 1995.
- 1.4 This policy relates to pupils of compulsory school age. This is defined in the Education and Libraries (Northern Ireland) Order 1986 (1986 No 594-(NI3) Article 46 (i) as follows:-
- “Subject to the following provisions of this Article, in this Order the expression “Compulsory School Age” means any age between five years and sixteen years and accordingly a person shall be of compulsory school age if he has attained the age of five years and has not attained the age of sixteen years”*
- 1.5 The date of 2 July in the year the child becomes of compulsory school age will be used as a determinant in accordance with the peer group.

2 Requesting Home Education

- 2.1 Parents who are considering home education may wish to discuss the matter with the school educational welfare officer who can provide information on the board procedures.
- 2.2 The board has a statutory duty under Schedule 13 of the Education and Libraries (Northern Ireland) Order 1986 to ensure that pupils in its area are receiving efficient full time education appropriate to his or her age, ability and aptitude, and to any special educational needs that he or she may have, and that parents fulfil their duty with this regard.
- 2.3 For this reason, parents considering home education for their child should liaise with the board’s home education officer to enable the board to satisfy itself of the appropriateness or otherwise of the proposed programme and that efficient full time education will be provided.

- 2.4 The board will consider the circumstances of a parental proposal for home education. Where a decision to home educate a child appears to be made as a result of a school issue, the board may provide guidance to the parent as to how to address the issue with the school concerned.
- 2.5 Where a change of school placement may address the issue, information can be made available to parents as to how they may go about this.
- 2.6 For pupils with a statement of special educational needs, the mechanism for bringing about a change in the provision detailed in the statement is the annual review. Parents and schools **must** liaise with their statement officer at an early stage of either considering or a school receiving a home education request for a pupil with a statement.
- 2.7 In accordance with the Statutory Rules for Northern Ireland 1974, Number 78 and Department of Education Circular 1994/15 a *pupil's name can only be removed from the register in limited circumstances, as follows:- 'Transfer to another school in Northern Ireland, Departure from Northern Ireland, Expulsion, Death and where a pupil leaves school after having completed his/her compulsory education'*.
- 2.8 In accordance with this ruling, pupils who are home educated should be marked on the school's register as educated off site. Their names cannot be removed from the register.
- 2.9 Parents should give consideration to the meaningful and purposeful steps they will take to ensure the child's right to appropriate full time education.
- 2.10 The board **will** seek the opinion of the child, appropriate to his or her age, ability, aptitude and to any special educational needs he or she may have.
- 2.11 To enable the board to reach a decision that the proposed home education programme for the child is of a full time nature and appropriate to the age ability and aptitude of the child, and to any special educational needs he or she may have, parents should complete Form HSP1 (**Appendix 3**) and return this to the board for consideration.
- 2.12 In cases where a parent does not demonstrate that child is receiving efficient full time education appropriate to his or her age, ability and aptitude, and to any special educational needs he or she may have, the board will make an order for a child to attend school in accordance with the Education and Libraries (Northern Ireland) Order 1986, Schedule 13 (**Appendix 2**).
- 2.13 It is anticipated that the majority of disputes can be resolved satisfactorily. However, the board will exercise its statutory powers to ensure a child is receiving efficient full time education appropriate to his or her age, ability and aptitude and to any special educational needs he or she may have, in accordance with the Education and Libraries (Northern Ireland) Order 1986, Schedule 13 (**Appendix 2**).

3 Board Consideration

- 3.1 The board will only consider a home education programme from the parent or those with parental responsibility for the child as defined in the Children (Northern Ireland) Order 1995.
- 3.2 The board will acknowledge receipt of the proposed programme and give consideration to the programme within a time period of 20 working days.
- 3.3 The board will reach a decision as to the appropriateness or otherwise of the programme in a fair and equitable manner having due regard to the best interests of the child and relevant legislation.
- 3.4 As part of the consideration process, the board's home education officer may contact the parent and school at which the child is registered by telephone or post for clarification or further discussion.
- 3.5 On occasions it may be necessary for the board's home education officer to visit a home in order that full consideration can be given to the proposed programme. A mutually suitable appointment will be arranged in these circumstances.
- 3.6 Parents who do not wish a home visit to take place will be required to provide information as detailed in an alternative way, such as written reports, samples of programmes etc. In cases where information is not provided the board will make an order as detailed in 2.12.
- 3.7 At the end of the 20 day period, the board's decision will be communicated to the parent in writing. Where a decision cannot be reached within the 20 day time period, the parent will be informed of this and a new timescale provided.

4 The Board's Decision

4.1 Home Education Programme Considered Appropriate

- 4.1.1 When a decision has been made by the board that it considers a request for home education of a child to be appropriate, the board will communicate the decision to the parents, principal of the registered school and the educational welfare service.

4.2 Home Education Programme Not Considered Appropriate

- 4.2.1 Where the board does not consider the programme appropriate, the reasons for the decision will be provided by letter to the parents making the request. A copy of this letter will be sent to the principal of the child's registered school and the educational welfare service.
- 4.2.2 Parents will have an opportunity to provide supplementary information pertaining to their request within 10 working days of the date of the letter.
- 4.2.3 The board will then give a further consideration period of 10 working days.
- 4.2.4 Where a decision cannot be made by the board within 10 working days, parents will be informed in writing and a new timescale provided.
- 4.2.5 After considering the supplementary information the board considers the home education programme is appropriate for the child, the provisions of section 4.1.1 will apply. However, where the board considers that the home education programme is not in the best interests of the child the board will take measures to ensure that the child receives an efficient full time education.

5 Support for Home Educating Parents

- 5.1 The board recognises the considerable commitment and sacrifice made by home educating parents and wishes to provide reasonable and appropriate support.
- 5.2 The board will make available information on the legal and other considerations that parents should take account of when considering home education. The board will publish a guide on its website and alternative formats as requested.
- 5.3 The board has no statutory responsibility to make a financial contribution, provide tutors in the home or set or mark a child's work for parents who chose to make educational provision for their child through home education.
- 5.4 Alternative arrangements are in place for pupils with a statement of special educational needs and the relevant statement officer will consider each case on its merits before making a recommendation to the board.

- 5.5 The board can make available advice and guidance with regard to a number of areas, including;
- (a) considerations in making a request for home education;
 - (b) the Northern Ireland Curriculum;
 - (c) social interaction;
 - (d) support organisations for home education;
 - (e) registering with a local school as an examination centre for public examinations, eg GCSEs
 - (f) maintaining a relationship with a local school for appropriate resources;
 - (g) educational publishers and suppliers of educational materials;
 - (h) information and communications technology;
 - (i) home study environmental matters.

6 Board Monitoring of Home Education Programmes

- 6.1 Once a home education programme has been considered appropriate by the board, parents will be provided with the name of a home education officer and an educational welfare officer with whom they should liaise.
- 6.2 In accordance with the Data Protection Act (1998) and the Freedom of Information Act (2000) the board will maintain a confidential electronic database of pupils receiving home education. The parents of an individual child can receive hard copies of any information maintained on their child. The information may be shared with relevant board officers on a need to know basis, eg educational welfare officers or special educational needs officers.
- 6.3 The board will monitor home education programmes on a minimum of an annual basis to ensure the child is receiving efficient full time education suitable to his age, ability and aptitude and to any special educational needs he may have. The board's home education officer will contact the parent to arrange a mutually suitable appointment in advance of a monitoring visit taking place.
- 6.4 The educational welfare officer will visit the home on a more regular basis to ensure that appropriate arrangements are in place.
- 6.5 On occasions the home education officer may involve a specialist to assist in the monitoring arrangements.
- 6.6 The home education officer will consider in detail the programme being delivered, the progress of the child commensurate with children of his or her age, ability and aptitude in local schools and to any special educational needs he may have. The child's opinion will also be taken into consideration.

- 6.7 Should the educational welfare officer, home education officer or other board officer have cause for concern in relation to the well-being of the child, the board's child protection policy and procedures will be enacted. Other referrals as relevant may be made.
- 6.8 On occasions it may be necessary for a board educational psychology assessment to be arranged in order to ensure that reasonable and adequate progress is being made, or determine the nature and extent of any special educational needs the child may have.
- 6.9 Should the board consider that a home education programme should cease and the child should return to school, the decision will be communicated to the parents in writing and the provisions of the Education and Libraries (Northern Ireland) Order 1986, Schedule 13 will apply.
